

**NORTH CAROLINA  
ELECTION INTEGRITY**

# Introduction

This is Not a Full Forensic Audit.

This is research that the Election Integrity team has created.

The Election Integrity Team examined publicly available raw data from the North Carolina State Board of Elections (NCSBOE) for ten months to determine if the outcome and integrity of the 2020 election in North Carolina were tainted by fraud.

The Election Integrity Team discovered various irregularities that could have influenced North Carolina's 2020 elections. These factors had an impact on overall voting totals for all candidates in every North Carolina County. This is something that must be treated seriously. The facts and conclusions are based on publicly available data. The North Carolina State Board of Elections has these same raw data files available.

We discovered three types of irregularities that potentially disenfranchise all North Carolina voters: election and voter anomalies, election equipment and software anomalies, and Federal and private grant issues for the 2020 election. The study also provides strong evidence that voting machines were connected to the Internet and that fractional vote counting was used. As a result, we recommend a full forensic audit of the 2020 election in North Carolina as a result of our findings.

The full forensic audit will either prove or disprove our findings, easing the frustration of North Carolinians concerned about the integrity of their elections. Our elections are critical to the freedom of our country, regardless of which party a voter belongs to. We will not have a free country unless we have fair and honest elections.

The talking points below have timestamps and summarize our findings. You can go to the [NC-Election/Video](#) and look up each data point or watch these detailed findings from start to finish.

# Talking Points about our detailed findings

**\*\* WHO GAVE THE ORDER TO STOP COUNTING ON NOV 3<sup>RD</sup> AT 10:30PM? \*\***

## 1) Election Ballots & Voter Anomalies

- **Voter Registrations**
  - 02:00 – Rise in Rep-registration but, a relative loss of votes
  - 02:00 – Decrease in Dem-registration but, a gain in votes
  - 45:46 – 844,383 voters with an inactive status
  - 45:46 – 27,460 voted “One-Stop” or “Absentee Curbside” in different county
  - 45:46 – 38,171 Voters between 90 & 267 years old

- **Mail-in**

- 5:46 – 2016 - Mail-in 240,734
- 5:46 – 2020 - Mail-in **1,384,597**
- 6:57 – 2016 - Spoiled 15,532 – 6.45%
- 6:57 – 2020 - Spoiled **276,947** – 17.80%
- 9:25 – 2020 - Mail-in **1,384,597**
- 9:25 – 2020 - Accepted 1,001,782

5.75 time Increase over 2016

46.80% Increase over 2016

382,805 Gone not counted

- **70/30 – Seen 5 Times, Ballots & Votes at a (Ratio) Not seen 2016**

- 1 – 15:05 – Ballots - Accepted/Cured = 70% & Spoiled/Not counted =30%
- 2 – 15:10 – Ballots - Dem/Rep Combined = 70% & UNA = 30% (variable)
- 3 – 15:35 – Ballots - Dem = 70% & Rep = 30% (control the ratio with = Variable) \*
- 4 – 17:48 – Votes - Council of State Race -Dem = 70% & Rep 30%
- 5 – 18:00 – Mail-in (Absentee) Ballots and additional 206,610 not counted
  - 25:21 – Demonstrated by [BlackBoxVoting.org](https://blackboxvoting.org) (Fractional Voting)
  - No time – Could also be called “[Hammer & Scorecard](#)”

30% is removed with 5% variance

**THIS WAS WHERE THE ORDER TO STOP COUNTING ON NOV 3<sup>RD</sup> AT 10:30PM**

### **WHO GAVE THE ORDER?**

## 2) Election Equipment and Software Settings

- **The voting systems are more than just tabulators (Network systems)**
  - 23:10 – “Ranked Choice Voting” Fraction voting – Was this used or disabled?
  - 24:31 – Security code on the tabulators can be turned off
  - 24:31 – System can be configured to ignore issues with ballots
  - 22:47 – Polls can be reopened without clearing the vote totals
  - 22:47 – Fractions as voting, not whole votes?
  - 32:50 – Is the full network considered certified?
  - 32:50 – Manuals show optional modems in tabulators?
  - 32:50 – Are the elections systems connected to the internet?
  - 32:50 – Why do we need a SQL database as part of the system?
  - 32:50 – Certification was only done without modems
  - 33:30 – 100 PCAPS data, connections points to the internet and back with votes flipped.
  - 39:43 – According Col Phil Waldron, NC had **457,782** votes changed by external access
- **Voter Registration Totals Snapshots files**
  - 41:20 – 2016 – 2017 – 11,861,436 – (No decrease in NCID’s)
  - In 21017 no decrease after the election
  - 41:43 – 6/23/20 to 11/3/20 Increased by 2,693,102 total 15,765,633
  - 11:43 – 11/3/20 to 01/01/21 decreased by 1,539,868 total 14,230,837
  - 42:21 – 2019 – 2021 - 13,329,507 Unique NCIDs - How many people in NC only 10 million.

Possible Security Exposures

WHY?

### **WHY & Who Does This?**

## 3) Federal & Private Grants Issues for 2020 Election

- \$31 million in total grants in 2020
  - 45:01 – \$26 million in Federal Grants
  - 45:01 – \$5,395,114 Private Grants

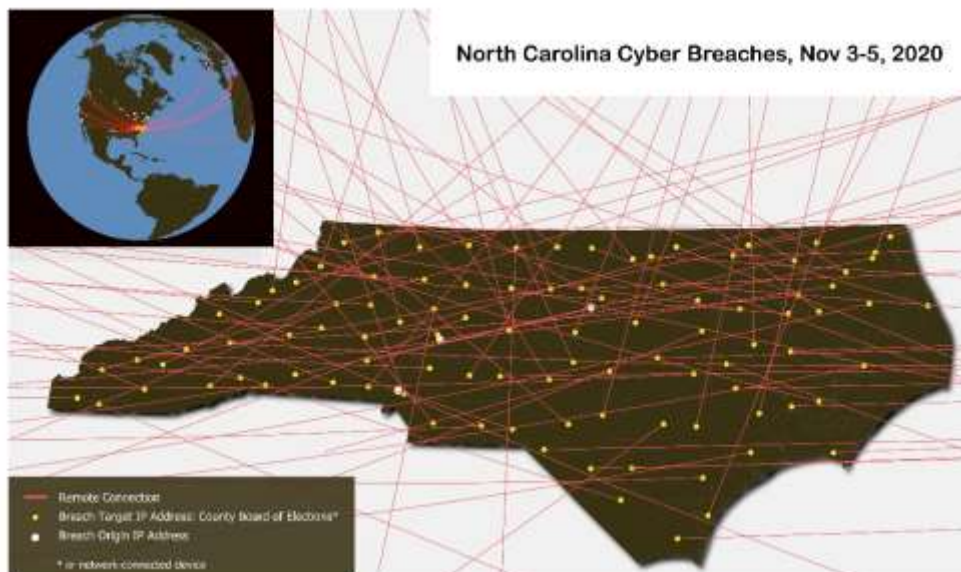

### **Where Did This Money Go & Why Do We Need It?**

The full forensic audit will either prove or disprove our findings, easing the frustration of North Carolinians concerned about the integrity of their elections. Our elections are critical to the freedom of our country, regardless of which party a voter belongs to. We will not have a free country unless we have fair and honest elections.

# 100 IP Breaches in NC

Col Phil Waldron (PCAPS Data)

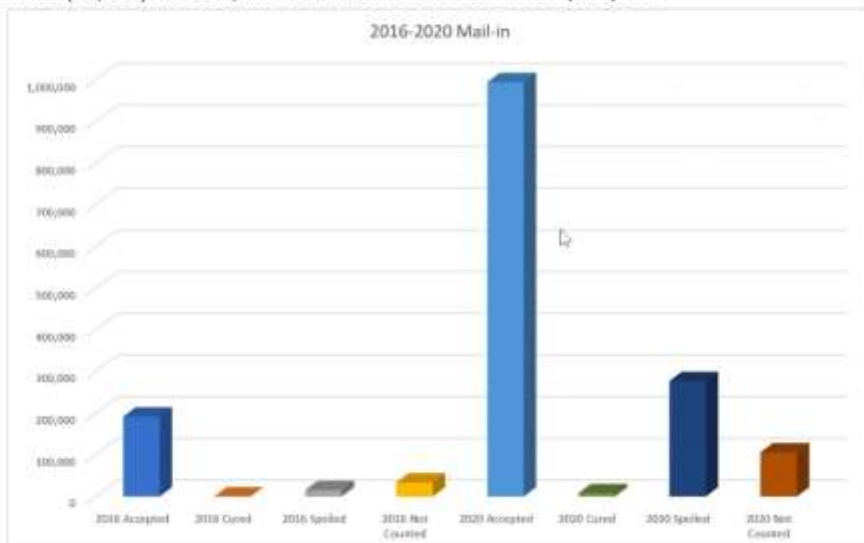

NC had **457,782** votes changed by external access

## Mail-in Ballots

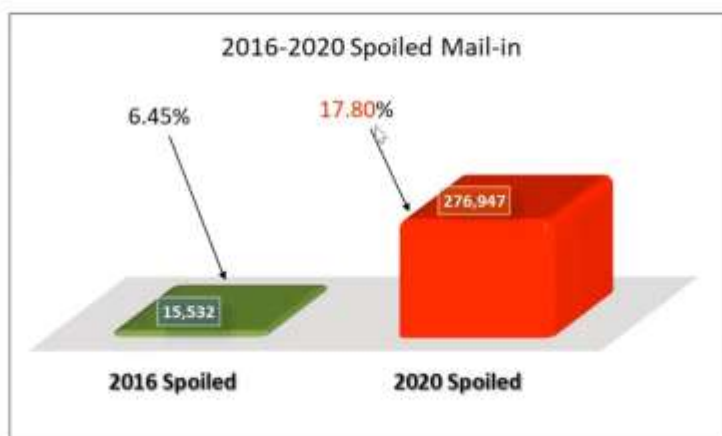

How do these numbers compare to 2016?

- In 2016, there were only **240,734** total Mail-in ballots with 79.62% Accepted (191,677), **6.45%** Spoiled (15,532) and 13.93% Not Counted (33,525). In 2020, the Mail-in ballots Increased to **1,384,597**.

The Average Percentage of Ballots Spoiled increased by **46.80%** from 2016-2020.

The number of Mail-in ballots in the 2020 election (**1,384,597**) were roughly 5 3/4 times that of 2016 and the average percentage of the Spoiled ballots increased to 17.80%. This was a **46.80%** increase over 2016.

## **Who Appoints BOE**

The NC State Board of Elections is the state agency charged with overall responsibility for administration of the elections process and campaign finance disclosure in North Carolina. The State Board itself is composed of five members, appointed by the Governor.

<https://www.nc.gov/agency/elections-state-board>

## **Who Oversees BOE**

Governor – Roy Cooper - Dem

Attorney General – Josh Stein – Dem

### **5 State Board Of Election Members:**

- Karen Brinson Bell, Executive Director
- Damon Circosta, Chair – Dem
- Stella Anderson, Secretary – Dem
- Jeff Carmon, Board Member – Dem
- Stacy “Four” Eggers IV, Board Member – Rep
- Tommy Tucker, Board Member - Rep

<https://www.ncsbe.gov/about>

## **Karen Bell Reappointed**

State Board of Elections Reappoints Karen Brinson Bell as Chief Stat Election Office on May 14, 2021,

### **This is a quite from press release:**

“Brinson Bell has spent most of her professional career in elections administration. From April 2016 to May 2019, Brinson Bell was a national consultant for **ranked choice voting**, in which voters rank candidates in order of preference. In that role, she assisted elections administrators on a national level, providing expert testimony and educational tools for conducting elections using that method.”

## **Words Of Wisdom**

- When the people they can vote themselves MONEY, that will herald the end of the republic.
- Any society that would give up a little liberty to gain a little security will deserve neither and lose both.
- Democracy is two wolves and a lamb voting on what to have for lunch. Liberty is a well-armed lamb contesting the vote.
